

## **Notification to EU clients**

### **A communication from TIO Markets UK Ltd**

Dear clients from the European Economic Area,

At this stage, there is uncertainty regarding our firm being allowed to provide our services to clients from the EEA.

If you wish to open an account with the UK regulated firm, please acknowledge that you are opening an account at your sole discretion.

You also agree and understand that you may be required to close your account if requested to do so, upon the failure of the United Kingdom and European Union to come to an appropriate agreement on equivalence.

Rough guidelines for these talks and an agreement have been targeted for March 2021.

Tio Markets UK Limited is committed to providing our clients with a high standard of service. If you are an existing client from the EEA and you have concerns, please do not hesitate to contact our support team who are there to assist.

Tio Markets UK Limited shall continue to operate as normal. Please watch this space for further updates.

Kindest regards,

Tio Markets
